Paint Like the Masters

Van Gogh, Seurat, & Kandinsky
Want to make swirling dimensional paintings filled with color & feeling? How about entire scenes made up of dots of paint? Or eye-catching abstract paintings of contrasting colors? Inspired by three very different masters of the art world, students will make their own masterpieces each week.

Thursdays, 3 Weeks Ages 7-12
(May 13, 20, 27) 12-1:30pm \$90

Beginning Printmaker

This is a similar printmaking class to Printmaking I but without the carving. We will design one-of-a-kind stencils, create a foam etching plate, and build up & print our own collagraph plates. Students will take home multiple versions of each project.

(May 20, 27, June 3) \$90
10-11:45am

Printmaking I

Come discover the beauty of printmaking: multiples of your masterpiece! Students will get to try a range of techniques. We will carve our own original stamps, design one-of-a-kind stencils, work with foam etching plates, & build up our own collagraph plates. This class is great for either the complete beginner or for kids with previous printmaking experience because the projects can be taken to different levels.

Thursdays, 4 Weeks Ages 10-14
(May 13, 20, 27, June 3) \$110
10-11:45am

Art 101

This class is a great introduction to key basics every artist should know: how to draw and how to work with color. We will cover topics like realistic, abstract, and non-objective drawing and color theory (how colors work together, the emotions colors can inspire, and color families). It might sound technical, but it isn't hard and it is fun! Students will complete a project each week utilizing the techniques & topics covered.

Thursdays, 4 Weeks Ages 8-13
(June 3, 10, 17, 24) \$110
12-1:30pm

Mixed Media Mania

Crazy-cool sculptures, art materials you won't believe, and artists who changed the landscape of art are at the heart of this class. Among the projects we will do are Dada inspired sculptures and a Joseph Cornell mixed media sculpture box.

Thursdays, 3 Weeks Ages 7-12
(June 10, 17, 24) \$90
